# THE EIGHTEENTH CONTENTIONS

---

Sh. Abdul Hakim Murad

The ‘Contentions’ are little sparks, some luminous, others merely hot, which fly from the point where Islam’s sword is resharpened by its encounter with the anvil of modernity. They are not credal articles, or mystical aphorisms; they avoid dull linearity or affiliation to a system. Instead they test the power of speech to point out the paradoxes of our world, and to suggest the transcendence to which those paradoxes point. Like Traherne’s *Centuries of Meditation*, they are arranged in hundreds, each of which may very loosely centre on a theme.
